5. Click Extract.

6. Double click "Setup" on the window that opens (there may be other files here since this is the desktop)

- 7. Wait while it configures RWG, this may take a while since this step downloads a 1.2 GB file
- 8. Double click on Read&Write 11 on the desktop

- 9. Click "Activate"
- 10. Click OK when the program indicates "Activation was successful"
- 11. Read Write Gold is now installed. The activation step should not be necessary when running the program in the future.
